Role play game – Feed the cat

A: Did you feed the cat?

B: I'll do that in a minute.

A: The cat is meowing. He's hungry.

B: Okay. I'll feed him right now.

A: You shouldn't make him wait.

B: I was doing my homework.

A: The cat doesn't care about your homework.

B: The cat doesn't care about anything.

A: That's the way cats are.

B: All they think about is themselves.

A: Maybe we should get rid of him.

B: Of course not! He's family.
